ROBBING NYE COUNTY.

THIS county seems to be considered fair prey for all vandals who desire to add to their possessions. The princely area is the object of many covetous eyes. Not long ago White Pine county claimed to have the consent of the Nye county commissioners for the segregation of the fertile Duckwater and Currant Creek sections, which would deprive this county of some of its best territory. Of course, there is no disposition on the part of the taxpayers of Nye county to accede to such a monstrous proposition. Nevertheless, the hope is expressed that the Nye county citizens will be so blind to their own interests that they will take their medicine cheerfully and permit every comer to lop a slice off the map with the first convenient pair of shears. Clark county is the latest applicant for the privilege of annexing the extreme southern end of Nye county, including Pahump and Johnnie. While the mapmakers are getting busy they are respectfully requested to let the people of this county have a say about releasing the most promising part of their holdings, which will thrive long after the mines are exhausted and the county is deprived of the liberal support which it now receives from that source.

Fourteen soldiers of the United States army have been injured while practicing the watchful waiting policy of the president and a score of citizens have likewise suffered from flying missiles. This is a new form of service, asking soldiers to enlist for other nations to shoot without any danger of retaliation. The flag has been insulted repeatedly by every hoodlum nation on the face of the earth and yet the people of the United States under a Democratic administration has to endure as none else would be asked to suffer.

Arizona is a noble example of the penalty of tolerating reformers who theorize at the expense of the taxpayer. At the last election the young state declared for prohibition, but the amendment was tightly drawn that it becomes a case where prohibition fails to prohibit. It seems that if the law were enforced the churches would have to close for want of sacramental wine and drug stores and doctors would be driven out of business by reason of the exclusion of alcohol. Restrictions on labor of the same fool stripe threaten to involve this country in unpleasant diplomatic relations with the chief European governments.

Nevada Democrats have their own ideas of the cost of running a newspaper when they propose going ahead with a paper designed to be the state organ on a cash capital of \$1,000, all paid in. The assessment plan will likely be favored.

The grim humor of sending shiploads of toys and dolls to Belgium for Christmas gifts becomes sardonic when we think the babes of that land are crying for the milk denied by starving breasts.

One must admire the German system in Belgium of punishing snipers when we see brave American soldiers compelled to stand silent on the banks of the Rio Grande.

Make it a KODAK Christmas

The outdoor jollity, all the good things that weigh down the Christmas table, the jovial faces, the surprise of the youngsters—may be enjoyed over and over again—if there is a Kodak in the family on Christmas Day.

TIMBER WOLVES KILLING CATTLE IN ELKO COUNTY

A pack of six wolves, of the timber wolf variety of Oregon, was seen a few days ago near the Toole Creek ranch by Charles and Wellington Weiland, who were riding after cattle. A good deal of young stock has been missing lately and it is believed the wolves got them.
